Dear Sir/Madam

LETTER OF SUPPORT

Blantyre City Council understands that CISP are proposing a project which would amongst others support women entrepreneurs. This is in line with the Malawi Government agenda of empowering women in all areas. The proposal done by CISP to embark on a project of economically empowering women and gender equity is therefore a welcome development.

This letter therefore serves to confirm that the Blantyre City Council fully supports CISP's proposal to the European Union and we are very interested in partnering with them in the project aimed at economically empowering the women of Blantyre City.

The Council would therefore greatly appreciate your favourable consideration to the proposal.

Yours faithfully

A.W.D. CHANZA

CHIEF EXECUTIVE OFFICER
