CILJ / GOAL:

Podizanje svijesti o prirodnim bogatstvima našeg kraja, iskustvo primjene u konačnom proizvodu. *Sajam narcisa* je kolonija prirodne parfemistike sa ciljem okupljanja prirodnih parfemijera regije i svijeta. Na koloniji bi parfemijeri ponijeli svoje palete a bili bi pripremljeni materijali za rad (šnjof bar) sa područja Blidinje. Svaki sudionik bi ostavio uzorak parfema za idući festival. Izradu parfema nadgleda i vodi Slobodanka Poštić.

Raising awareness of the natural resources of our region, experience of application in the final product. The *Narcissus Fair* is a colony of natural perfumery with the aim of gathering natural perfumers of the region and the world. At the colony, the perfumers would bring their palettes and the materials for work (snof bar) from the Blidinje area would be prepared. Each participant would leave a perfume sample for the next festival. The production of perfume is supervised and managed by Slobodanka Poštić.
