## UVOD

Potreba građana Tuzlanskog kantona, da se zaštiti bogati biodiverzitet planine Konjuh i da se promoviše održivo korištenje njenih dragocjenih prirodnih, kulturnih i historijskih vrijednosti zadovoljena je donošenjem Zakona o proglašenju dijela planine Konjuh, Zaštićenim pejzažom "Konjuh", čije je upravljanje Zakonom povjereno Javnoj ustanovi Zaštićeni pejzaž "Konjuh" Banovići ([www.zpkonjuh.ba](http://www.zpkonjuh.ba)).

Površina Zaštićenog pejzaža "Konjuh" je 8016 hektara, pretežno šumskog područja i nalazi se na području tri općine: Banovići, Kladanj i Živinice. Prostire se u sjevero-istočnom dijelu Bosne i Hercegovine, tačnije u jugo-zapadnom dijelu Tuzlanskog kantona. Smješten je između 44°22'42,2" i 44°11'18,4" sjeverne geografske širine, te između 18°29'48,8" i 18°41'6,4" istočne geografske dužine.

Projekat: „Biodiverzitet za lokalni razvoj. Inovativni model participativnog upravljanja zaštićenim pejzažom Konjuh u Bosni i Hercegovini/BioSvi" sprovodi italijanska nevladina organizacija CISP (Comitato Internazionale per lo Sviluppo dei Popoli - Međunarodni komitet za razvoj naroda), sa svojim partnerima iz Italije: Regijom Marche, parkom prirode Parco Naturale del Sasso Simone e Simoncello, Politehničkim univerzitetom u regiji Marche (Università Politecnica delle Marche, Ancona) te udruženjem Chlora a uz pomoć JU Zaštićeni pejzaž „Konjuh“.

Projekat sufinansira Italijanska agencija za razvojnu saradnju (L'Agencia Italiana per la Cooperazione allo Sviluppo - AICS) a usmjeren je na podršku svim interesnim akterima društva da daju svoj doprinos u sprovođenju međuinstitucionalnog, participativnog i međusektorskog plana upravljanja Zaštićenim pejzažom Konjuh te njegovoj promociji kao održivoj i odgovornoj turističkoj destinaciji.

## INTRO

The need of the citizens of the Tuzla Canton for protecting the rich biodiversity of the Konjuh Mountain and for promoting the sustainable use of its precious natural, cultural and historical peculiarities, has been met by the adoption of the law which proclaims a part of the Konjuh Mountain protected landscape "Konjuh", whose management was entrusted to the Public Institution Protected landscape "Konjuh" Banovići ([www.zpkonjuh.ba](http://www.zpkonjuh.ba)).

The area of the protected landscape "Konjuh" is 8016 hectares. It is mainly a forest area that extends into the territories of the three municipalities of Banovići, Kladanj and Živinice. It is located in the north-east of Bosnia and Herzegovina, more precisely in the southwestern part of the Tuzla Canton (between 44°22'42.2" and 44°11'18.4" latitude and between 18°29'48.8" and 18°41'6.4" longitude).

The Project: "Biodiversity for Local Development. Innovative model of participative management of Protected landscape Konjuh in Bosnia and Herzegovina/BioSvi" is being implemented by the Italian Non-Governmental Organization, International Committee for Development of Peoples (CISP) in collaboration with the Italian partners: the Marche Region, the Natural Park of Sasso Simone e Simoncello, the Polytechnic University of Marche Region, Chlora and with the Public institution Protected landscape "Konjuh".

The project is co-financed by the Italian Development Cooperation Agency (AICS) and it aims at supporting all interested actors of society to contribute to the implementation of inter-institutional, participative and cross-sectoral management Plan of protected landscape Konjuh as well as to contribute its promotion as a sustainable and responsible touristic destination.

### FESTIVAL KALEIDOSKOP

Radi se o posebnom događaju koji se apsolutno ne želi zadovoljiti time da bude jedan novi, ekskluzivni sadržaj ili jedan u nizu istih, već onaj koji u umjetnosti prepoznaje novi smisao otvorenosti i dijaloga između različitih naroda i različitih kultura. Tokom četiri dana u centru Balkana, mladi umjetnici postaju protagonisti, izvođači, glumci, slikari, skulptori, muzičari, dizajneri i gosti različite prirode i porijekla, intelektualci koji dolaze iz cijele regije i Evrope, iz Srbije, Hrvatske, Italije, Holandije, Švedske, Francuske i, naročito iz mjesta u kojima konflikti često sprječavaju prirodnu razmjenu ideja i koji će u Kaleidoskopu i putem Kaleidoskopa moći i znati pronaći pravac za novu formu izražavanja, konverzacije, dubokog mišljenja.

### CUM GRANO SALIS

Tuzla je širom otvorila vrata književnicima i izdavačima iz Bosne i Hercegovine, Hrvatske, Srbije i Crne Gore i tako postala centar romana na Balkanu. Nagrada nosi ime jednog od najvećih romansijera sa ovih prostora, književnika Meše Selimovića, prije svega zbog opredjeljenja Općine Tuzla da među svoje prioritete uvrsti valorizaciju kulturnog i historijskog naslijeđa grada. Meša Selimović je zasigurno dio kulturne historije šire regije, ali kao Tuzlak, zaslužuje da se njegov grad najviše angažira u očuvanju i promoviranju njegovog opusa i talenta.

### LJETO U TUZLI

U posljednjih nekoliko godina Tuzla je doživjela pravi kulturni preporod, a gradske strukture odlučne su da sve raspoložive resurse ulože u razvoj turizma.
